Brief description of Activity

Numicon is a great, inclusive resource to use in numeracy as it gives visual meanings to numbers.

Have a look at some of the links below that show examples of using Numicon and ideas of how you could use Numicon with your own child at home. The clips show a variety of ideas from starting to learn the frames, teaching money right up to using them to work out maths questions.

Resources needed

If you have your own set of Numicon at home you can use it to complete the attached printable resources.

Otherwise, you can print out the set of Numicon frames attached to use instead.

Activity

See attachments –

There are pictures to make out of Numicon

Addition to 10 and 20 activities

Matching numerals to text to Numicon
