<b>Trees</b>			

### Brief description of Activity

Rhyming words are words that have the same or similar ending sound. Rhyming is a tricky concept as it involves listening carefully to sounds and many of our children have problems with their hearing.

Nursery rhymes are great place to start with rhyming as you can repeat them over and over and many include rhyming words. Pausing during singing and allowing your child to fill in the rhyming word is a good way to prompt speech and the concept of rhyme.

Read some of the suggested books below and point out the rhyming words.

### Activity - Seeds

#### Exercise and Rhyme

Watch Jack Hartman's exercise and rhyme activity on you tube. When he says words that rhyme keep exercising, but if he says a word that doesn't rhyme, freeze. Click the link below to play.

## Activity – Saplings and Trees

### Rhyming pairs

Print and cut out the rhyming photographs attached. Start with one picture and give your child a choice of two pictures to match it to. For instance, if you choose the photo of a fox, give your child the correct choice to match it with (box) along with one more photograph it does not rhyme with like chair. Say the word on your initial picture together and say the words on the two cards you could choose from too. “*Fox, box, fox, chair.*” You may have to say this a few times for your child to get the hang of it. If it is too difficult to complete, help your child to be successful and move on to another set. If it is too easy give more choices of cards to match with until it is at the correct level for your child.

### Rhyming Lotto

Using the lotto boards attached match the pictures to the associated rhyming word. ie match a picture of a parrot to the word carrot.

### Find the Rhyme

Use the print out attached courtesy of Jane Mullen to find the matching rhyme.
